

# 2023 Golf to Give Challenge

## **\$250,000 RAISED!**

Dear Friend,

Planning continues for the 2023 Golf to Give Challenge benefiting Candlelighters For Children With Cancer. We are very excited to be returning to Stone Creek Golf Club this year on August 18, 2023. Stone Creek is a fantastic course and the origin of our tournament. We are looking forward another amazing year!

The Golf to Give Challenge is an annual full-service golf tournament that was founded in 2017. The tournament was created with the goal of bringing our community together through an exciting event and use that to facilitate giving that would not be possible individually. In 2021 and 2022 alone, we raised \$121,000 and since inception this tournament has raised more than \$250,000! This would not have been possible without your generous support.

Proceeds from this event will benefit Candlelighters For Children With Cancer, an amazing organization that helps the entire family when a child is diagnosed with cancer. They have programs and services in Doernbecher and Randall Children's Hospitals - like emergency financial assistance to families devastated by the expense of treatment, a 24/7 food pantry, and a teen peer group called The Luminaires. Outside the hospital they offer monthly family experiences, camps, scholarships, and bereavement support. And, they never charge a dime for any program, service or activity - ever. We would be happy to share more information with you at your request or you can visit our website [www.golftogive.com](http://www.golftogive.com).

Would you or your company consider a donation to the Golf to Give Challenge by:

- Fiscally sponsoring the tournament - we have many levels of sponsorship available
- Contributing an item or certificate to be used as a prize or raffle item
- Participating in the tournament

Other ideas include one-time monetary donations, volunteering, and on-course sponsorship. With your help, Candlelighters For Children With Cancer can continue to light the candle of hope for children and families in Oregon and Southwest Washington affected by childhood cancer.

If you have any questions, please do not hesitate to contact me at 503-939-3899 or [darrenyoungsma@gmail.com](mailto:darrenyoungsma@gmail.com)

Thank you for your time and consideration,

Darren Youngsma
